4. Interim Supply Motion. Debated November 20, 1995.

PRIVATE MEMBERS' NOTICES OF
MOTION

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

4. Mrs Munro - Resolution - That in the opinion of this House, the Government of Ontario should amend the Freedom of Information and Protection of Privacy Act, 1987 and the Municipal Freedom of Information and Protection of Privacy Act, 1987 to prevent vexatious, frivolous, abusive, time consuming or costly requests that are clearly of a repetitious, systematic or malicious nature, without denying or restricting access if there is a legitimate reason for the request. November 1, 1995.

5. Mr Bisson - Resolution - That in the opinion of this House, the Government of Ontario should maintain a fair and equitable rent control program, similar to the present rent control system introduced by the previous New Democratic Party government which protected tenants from abusive landlords, rather than creating a market based system that allows abusive landlords to gouge tenants, and leave tenants vulnerable to unfair rent increases. November 20, 1995.

SPECIAL DEBATES**DÉBATS SPÉCIAUX****OPPOSITION DAY****JOUR DE L'OPPOSITION**

3. Mr Rae - Whereas the Common Sense Revolution commits the Mike Harris government to creating 725,000 new jobs; and

Whereas the Common Sense Revolution states that "Ontario needs jobs today, and jobs tomorrow"; and

Whereas the Mike Harris government has cut public investments and programs eliminating tens of thousands of jobs in Ontario; and

Whereas unemployment currently stands at 8.5% in Ontario and the current instability in employment in Ontario is of concern to all members of this House; and

Whereas the Mike Harris government has condemned children and their parents relying on social assistance to a less than survival existence; and

Whereas the Mike Harris government has told families who rely on welfare "to work and to get jobs to supplement their income"; and

Whereas the Mike Harris government has done nothing to promote job creation in Ontario; and

Whereas the Mike Harris government has ended an era where partnerships between business, labour and government promoted economic development; and

Whereas the Mike Harris government is following a fiscal plan aimed at further cuts, increasing economic drag and a tax hand-out to the wealthy; and

Whereas the Mike Harris government's fiscal plan will do nothing to create jobs today or tomorrow;

Therefore, this House calls on the Mike Harris government to take the unemployment situation in this province seriously by restoring job creation programs and job support programs and to follow a balanced and responsible approach to economic development and deficit reduction, rather than pursue a policy of irresponsible cuts to program funding and economic investment in order to pay for tax breaks for the rich. Premier of Ontario. To be debated today.

4. Interim Supply Motion. Debated November 20, 1995.

PRIVATE MEMBERS' NOTICES OF
MOTION

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

4. Mrs Munro - Resolution - That in the opinion of this House, the Government of Ontario should amend the Freedom of Information and Protection of Privacy Act, 1987 and the Municipal Freedom of Information and Protection of Privacy Act, 1987 to prevent vexatious, frivolous, abusive, time consuming or costly requests that are clearly of a repetitious, systematic or malicious nature, without denying or restricting access if there is a legitimate reason for the request. November 1, 1995.

5. Mr Bisson - Resolution - That in the opinion of this House, the Government of Ontario should maintain a fair and equitable rent control program, similar to the present rent control system introduced by the previous New Democratic Party government which protected tenants from abusive landlords, rather than creating a market based system that allows abusive landlords to gouge tenants, and leave tenants vulnerable to unfair rent increases. November 20, 1995.
 6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.

SPECIAL DEBATES**DÉBATS SPÉCIAUX****OPPOSITION DAY****JOUR DE L'OPPOSITION**

Ms Castrilli - Whereas the Conservative policy document "New Directions II, A Blueprint for Learning in Ontario" reports that tuition fees should represent 25 per cent of the operating costs of a post secondary education; and

Whereas a recent Statistic Canada report shows that university tuition fees already represent more than 26 per cent of the cost of education; and

Whereas the former NDP government was responsible for a 42 percent increase in tuition fees and the elimination of the grant portion of the Ontario Student Assistant Program; and

Whereas Ontario ranks second-last when it comes to per student expenditure on post secondary education; and

Whereas the Conservative government has failed to act on their promise to establish an income contingent loan repayment plan; and

Whereas it is immoral to force students to pay the price of Mike Harris' income tax cut to the wealthy through higher tuition fees;

Therefore this House calls on the Mike Harris government not to impose or allow any tuition increase without first: demonstrating that students are not paying their fair share of education costs, which according to New Directions II, was set by the Conservatives at 25 per cent of operating expenditure; ensuring that no student is denied access to a post-secondary institution as a result of their ability to pay; significantly expanding existing student aid programs; consulting with all stakeholders; and establishing an income contingent loan repayment plan as promised. Minister of Education and Training. To be debated November 28, 1995.

4. Interim Supply Motion. Debated November 20, 23, 1995.

PRIVATE MEMBERS' NOTICES OF
MOTION

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

4. Debated November 23, 1995.
5. Mr Bisson - Resolution - That in the opinion of this House, the Government of Ontario should maintain a fair and equitable rent control program, similar to the present rent control system introduced by the previous New Democratic Party government which protected tenants from abusive landlords, rather than creating a market based system that allows abusive landlords to gouge tenants, and leave tenants vulnerable to unfair rent increases. November 20, 1995.

6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.

SPECIAL DEBATES**DÉBATS SPÉCIAUX****OPPOSITION DAY****JOUR DE L'OPPOSITION**

4. Ms Castrilli - Whereas the Conservative policy document "New Directions II, A Blueprint for Learning in Ontario" reports that tuition fees should represent 25 per cent of the operating costs of a post secondary education; and

Whereas a recent Statistic Canada report shows that university tuition fees already represent more than 26 per cent of the cost of education; and

Whereas the former NDP government was responsible for a 42 percent increase in tuition fees and the elimination of the grant portion of the Ontario Student Assistant Program; and

Whereas Ontario ranks second-last when it comes to per student expenditure on post secondary education; and

Whereas the Conservative government has failed to act on their promise to establish an income contingent loan repayment plan; and

Whereas it is immoral to force students to pay the price of Mike Harris' income tax cut to the wealthy through higher tuition fees;

Therefore this House calls on the Mike Harris government not to impose or allow any tuition increase without first: demonstrating that students are not paying their fair share of education costs, which according to New Directions II, was set by the Conservatives at 25 per cent of operating expenditure; ensuring that no student is denied access to a post-secondary institution as a result of their ability to pay; significantly expanding existing student aid programs; consulting with all stakeholders; and establishing an income contingent loan repayment plan as promised. PRIVATE MEMBERS' NOTICES OF
MOTION

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

5. Mr Bisson - Resolution - That in the opinion of this House, the Government of Ontario should maintain a fair and equitable rent control program, similar to the present rent control system introduced by the previous New Democratic Party government which protected tenants from abusive landlords, rather than creating a market based system that allows abusive landlords to gouge tenants, and leave tenants vulnerable to unfair rent increases. November 20, 1995.
6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.

SPECIAL DEBATES**DÉBATS SPÉCIAUX****OPPOSITION DAY****JOUR DE L'OPPOSITION**

4. Ms Castrilli - Whereas the Conservative policy document "New Directions II, A Blueprint for Learning in Ontario" reports that tuition fees should represent 25 per cent of the operating costs of a post secondary education; and

Whereas a recent Statistic Canada report shows that university tuition fees already represent more than 26 per cent of the cost of education; and

Whereas the former NDP government was responsible for a 42 percent increase in tuition fees and the elimination of the grant portion of the Ontario Student Assistant Program; and

Whereas Ontario ranks second-last when it comes to per student expenditure on post secondary education; and

Whereas the Conservative government has failed to act on their promise to establish an income contingent loan repayment plan; and

Whereas it is immoral to force students to pay the price of Mike Harris' income tax cut to the wealthy through higher tuition fees;

Therefore this House calls on the Mike Harris government not to impose or allow any tuition increase without first: demonstrating that students are not paying their fair share of education costs, which according to New Directions II, was set by the Conservatives at 25 per cent of operating expenditure; ensuring that no student is denied access to a post-secondary institution as a result of their ability to pay; significantly expanding existing student aid programs; consulting with all stakeholders; and establishing an income contingent loan repayment plan as promised. Minister of Education and Training. To be debated today.

NOTICES

AVIS

PRIVATE MEMBERS' NOTICES OF
MOTION

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

5. Mr Bisson - Resolution - That in the opinion of this House, the Government of Ontario should maintain a fair and equitable rent control program, similar to the present rent control system introduced by the previous New Democratic Party government which protected tenants from abusive landlords, rather than creating a market based system that allows abusive landlords to gouge tenants, and leave tenants vulnerable to unfair rent increases. November 20, 1995.
6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.

PRIVATE MEMBERS' NOTICES OF

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

5. Mr Bisson - Resolution - That in the opinion of this House, the Government of Ontario should maintain a fair and equitable rent control program, similar to the present rent control system introduced by the previous New Democratic Party government which protected tenants from abusive landlords, rather than creating a market based system that allows abusive landlords to gouge tenants, and leave tenants vulnerable to unfair rent increases. November 20, 1995.
6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

5. Debated November 30, 1995.

6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.

PRIVATE MEMBERS' NOTICES OF
MOTION

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.
7. Mrs McLeod - Reasoned Amendment - That Bill 26, An Act to achieve Fiscal Savings and to promote Economic Prosperity through Public Sector Restructuring, Streamlining and Efficiency and to implement other aspects of the Government's Economic Agenda, be NOT now read a second time but be referred back to the government and that the government must split Bill 26 into no fewer than 17 bills and that these bills be then the subject of reasonable and adequate public scrutiny. December 4, 1995.

CONFORMÉMENT À L'ARTICLE

1. Mrs McLeod - Whereas the Conservative government has clearly broken every single promise it made with respect to protecting health care; and

Whereas the government broke its promise not to cut "one cent" from health care spending when it cut more than \$1.3 billion from Ontario hospitals; and

Whereas the government broke its promise that, "Aid for seniors and the disabled will not be cut" when it introduced a new user fee on the drugs that sick seniors, disabled persons and the poor are prescribed by their doctors; and

Whereas the government broke its promise that, there would be "no new user fees" when it introduced Bill 26, which will add \$225 million worth of user fees to the Ontario Drug Benefit Plan; and

Whereas the government is now planning, through Bill 26, to bestow upon the Minister of Health new unilateral powers which would allow him to close any hospital in the province without public input; and

Whereas the government is now planning, through Bill 26, to grant the Premier and Cabinet new powers that will usurp the rights and privileges of the elected Members of the legislature and thereby the rights of every person in the province;

Therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. December 5, 1995.

PRIVATE MEMBERS' NOTICES OF
MOTION

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.
7. Mrs McLeod - Reasoned Amendment - That Bill 26, An Act to achieve Fiscal Savings and to promote Economic Prosperity through Public Sector Restructuring, Streamlining and Efficiency and to implement other aspects of the Government's Economic Agenda, be NOT now read a second time but be referred back to the government and that the government must split Bill 26 into no fewer than 17 bills and that these bills be then the subject of reasonable and adequate public scrutiny. 1. Mrs McLeod - Whereas the Conservative government has clearly broken every single promise it made with respect to protecting health care; and

Whereas the government broke its promise not to cut "one cent" from health care spending when it cut more than \$1.3 billion from Ontario hospitals; and

Whereas the government broke its promise that, "Aid for seniors and the disabled will not be cut" when it introduced a new user fee on the drugs that sick seniors, disabled persons and the poor are prescribed by their doctors; and

Whereas the government broke its promise that, there would be "no new user fees" when it introduced Bill 26, which will add \$225 million worth of user fees to the Ontario Drug Benefit Plan; and

Whereas the government is now planning, through Bill 26, to bestow upon the Minister of Health new unilateral powers which would allow him to close any hospital in the province without public input; and

Whereas the government is now planning, through Bill 26, to grant the Premier and Cabinet new powers that will usurp the rights and privileges of the elected Members of the legislature and thereby the rights of every person in the province;

Therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. December 5, 1995.

PRIVATE MEMBERS' NOTICES OF
MOTION

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.
6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.
7. Mrs McLeod - Reasoned Amendment - That Bill 26, An Act to achieve Fiscal Savings and to promote Economic Prosperity through Public Sector Restructuring, Streamlining and Efficiency and to implement other aspects of the Government's Economic Agenda, be NOT now read a second time but be referred back to the government and that the government must split Bill 26 into no fewer than 17 bills and that these bills be then the subject of reasonable and adequate public scrutiny. NOTICE OF MOTION PURSUANT TO
STANDING ORDER 43(a)****AVIS****AVIS DE MOTION DE CENSURE
CONFORMÉMENT À L'ARTICLE
43(a) DU RÈGLEMENT**

1. Mrs McLeod - Whereas the Conservative government has clearly broken every single promise it made with respect to protecting health care; and

Whereas the government broke its promise not to cut "one cent" from health care spending when it cut more than \$1.3 billion from Ontario hospitals; and

Whereas the government broke its promise that, "Aid for seniors and the disabled will not be cut" when it introduced a new user fee on the drugs that sick seniors, disabled persons and the poor are prescribed by their doctors; and

Whereas the government broke its promise that, there would be "no new user fees" when it introduced Bill 26, which will add \$225 million worth of user fees to the Ontario Drug Benefit Plan; and

Whereas the government is now planning, through Bill 26, to bestow upon the Minister of Health new unilateral powers which would allow him to close any hospital in the province without public input; and

Whereas the government is now planning, through Bill 26, to grant the Premier and Cabinet new powers that will usurp the rights and privileges of the elected Members of the legislature and thereby the rights of every person in the province;

Therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. December 5, 1995.

PRIVATE MEMBERS' NOTICES OF
MOTION

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.

1. Mrs McLeod - Whereas the Conservative government has clearly broken every single promise it made with respect to protecting health care; and

Whereas the government broke its promise not to cut "one cent" from health care spending when it cut more than \$1.3 billion from Ontario hospitals; and

Whereas the government broke its promise that, "Aid for seniors and the disabled will not be cut" when it introduced a new user fee on the drugs that sick seniors, disabled persons and the poor are prescribed by their doctors; and

Whereas the government broke its promise that, there would be "no new user fees" when it introduced Bill 26, which will add \$225 million worth of user fees to the Ontario Drug Benefit Plan; and

Whereas the government is now planning, through Bill 26, to bestow upon the Minister of Health new unilateral powers which would allow him to close any hospital in the province without public input; and

Whereas the government is now planning, through Bill 26, to grant the Premier and Cabinet new powers that will usurp the rights and privileges of the elected Members of the legislature and thereby the rights of every person in the province;

Therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. December 5, 1995.

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.

NOTICE OF MOTION PURSUANT TO
STANDING ORDER 43(a)****AVIS DE MOTION DE CENSURE
CONFORMÉMENT À L'ARTICLE
43(a) DU RÈGLEMENT**

1. Mrs McLeod - Whereas the Conservative government has clearly broken every single promise it made with respect to protecting health care; and

Whereas the government broke its promise not to cut "one cent" from health care spending when it cut more than \$1.3 billion from Ontario hospitals; and

Whereas the government broke its promise that, "Aid for seniors and the disabled will not be cut" when it introduced a new user fee on the drugs that sick seniors, disabled persons and the poor are prescribed by their doctors; and

Whereas the government broke its promise that, there would be "no new user fees" when it introduced Bill 26, which will add \$225 million worth of user fees to the Ontario Drug Benefit Plan; and

Whereas the government is now planning, through Bill 26, to bestow upon the Minister of Health new unilateral powers which would allow him to close any hospital in the province without public input; and

Whereas the government is now planning, through Bill 26, to grant the Premier and Cabinet new powers that will usurp the rights and privileges of the elected Members of the legislature and thereby the rights of every person in the province;

Therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. December 5, 1995.

PRIVATE MEMBERS' NOTICES OF
MOTION

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.

NOTICE OF MOTION PURSUANT TO
STANDING ORDER 43(a)****AVIS****AVIS DE MOTION DE CENSURE
CONFORMÉMENT À L'ARTICLE
43(a) DU RÈGLEMENT**

1. Mrs McLeod - Whereas the Conservative government has clearly broken every single promise it made with respect to protecting health care; and

Whereas the government broke its promise not to cut "one cent" from health care spending when it cut more than \$1.3 billion from Ontario hospitals; and

Whereas the government broke its promise that, "Aid for seniors and the disabled will not be cut" when it introduced a new user fee on the drugs that sick seniors, disabled persons and the poor are prescribed by their doctors; and

Whereas the government broke its promise that, there would be "no new user fees" when it introduced Bill 26, which will add \$225 million worth of user fees to the Ontario Drug Benefit Plan; and

Whereas the government is now planning, through Bill 26, to bestow upon the Minister of Health new unilateral powers which would allow him to close any hospital in the province without public input; and

Whereas the government is now planning, through Bill 26, to grant the Premier and Cabinet new powers that will usurp the rights and privileges of the elected Members of the legislature and thereby the rights of every person in the province;

Therefore, pursuant to Standing Order 43(a), the House no longer has confidence in the government. December 5, 1995.

PRIVATE MEMBERS' NOTICES OF
MOTION

AVIS DE MOTIONS DES DÉPUTÉS

2. Mr Tilson - Resolution - Whereas the Liberal Government of Canada has passed Bill C-68, an Act Respecting Firearms and Other Weapons,

and whereas Ontario welcomes real gun control, and supports those portions of Bill C-68 which provide tougher penalties for the criminal use of firearms, new offenses related to firearm smuggling and trafficking, and a ban on para-military weapons,

and whereas existing laws requiring the registration of handguns have done little to reduce the number of crimes committed with hand guns or lower the volume of handguns smuggled into Canada,

And whereas the national gun registration provisions of Bill C-68 will result in a massive misallocation of the limited resources available to law enforcement agencies, with no practical effect on the traffic in illegal firearms, or the use of guns by violent criminals,

And whereas the gun registration provisions of Bill C-68 will take police officers off the street and involve them in bureaucracy rather than fighting crime, and will make the task of real gun control more difficult and dangerous for police officers,

Now be it resolved that the Province of Ontario urge the House of Commons of the Government of Canada to sever from Bill C-68 those provisions for a compulsory registration of all firearms and implement the rest of the bill forthwith, and further, that the House of Commons introduce legislation aimed at real gun control that will include the creation of a national firearm enforcement unit, improve the enforcement of anti-smuggling measures by custom officials at border crossing points, enhance access to the Canadian Police Information Centre (CPIC) computers for Customs officials, and electronically link Canadian police services with the Bureau of Alcohol, Tobacco and Firearms in the United States. October 25, 1995.

6. Mr Wood (Cochrane North) - Resolution - That in the opinion of this House, the Government of Ontario should recognize the uniqueness of northern Ontario, and in that recognition restore the funding cuts made to programs and services in the north so that the citizens of the north are provided with equitable services and programs similar to those provided to other areas of the province. November 21, 1995.
